2019 Smart Home Tech Event Re-cap:

Vice-Chair Anginette Cells Jorrey reported that this event was a great success. The knowledgeable and credible presenters provided timely and relevant information on Smart Home technology. 83 attendees received CE credit. 28 event exhibitors were given the opportunity to interact with event attendees throughout the duration of the seminar. Several committee members provided valuable constructive criticism concerning event planning: better communications by the Committee Chair with various task force sub-committee members, more opportunities for task force sub-committee members as presenters at the seminar, additional committee member recognition-- in-person parade of committee members at the beginning of the seminar and the availability of a printed agenda on the day of the seminar.

Affiliate Forum Committee 2019 1st Quarter Goals Re-cap:

Vice-Chair Anginette Cells Jorrey reported the committee is on task to complete all goals on the 2019 committee business plan. As previously noted, the Tech Event goal has already been completed.

Announcements:

- MetroTex Professional Development Coordinator Elizabeth Harris shared information on snack boxes available for purchase by affiliate members at the various MetroTex Service centers during the Legal Update 1 & 2 classes as well as Broker Responsibility classes.
- MetroTex MLS Director Cathy Faulkner informed committee members of the opportunity to provide referrals for property managers.
- Vice Chair Anginette Cells Jorrey provided information concerning the roll-out of a new committee benefit: business card holders at MetroTex locations for Affiliate Forum Committee members to display their business cards. Anginette provided the following guidelines:
 - The Affiliate Forum Committee (AFF) members have the opportunity to display their business cards in the designated business card holder at each MetroTex Service Center. The business card holders are for active voting members only.
 - The AFF members will be individually responsible for replenishing their stock.
 - One AFF member will be assigned to each MetroTex Service Center to periodically check for compliance. To remain in compliance with MetroTex, the designee will check the service center monthly and confirm only active voting member's cards are present on the business card holder board. IF any non-active

member's cards are present, the designee will remove the cards from the business card holder board and notify the AFF chair & Vice-Chair.
