

How to Add A New Listing

Start from your Dashboard or your My Listings page and click “Add a Listing.” Next, find your property on the map by entering the property’s address. When you see the correct address populate as a suggestion, click on that address.

(Note: You can also add a listing on the Search page by entering a street address under the “Location” menu at the top-left).

First, search for the property by entering an address:

- 📍 38376 North Joann Way San Tan Valley, AZ, USA
- 📍 38376 North Gantzel Road San Tan Valley, AZ, USA**
- 📍 38376 Calle Jojoba Temecula, CA, USA
- 📍 38376 Birch Street Newark, CA, USA
- 📍 38376 Poppet Canyon Drive Palm Desert, CA, USA

Select an existing property record by clicking on the round marker. If the property hasn't been added to our system, hover over the parcel and click the "?" icon to create it.

Finally, enter your listing information and provide as many details as possible. Add photos, flyers, and links at the bottom of the page.

Once you're ready, click "Save" on the left hand side of the screen. Make your listing available to "Everyone" if you'd like it to be visible publicly once it's approved by Researchers.

What if the property doesn't already exist?

If you were able to find your property's parcel, and there was not an existing property in the system (indicated by a colored dot), hover over the parcel and click the gray question mark that appears.

If you don't see the question mark appear, try zooming in a bit closer over the parcel.
